

PROTECT, COLLECT, CLEAN GI ACCESSORY KITS

Procedure kits provide the essential supplies needed for most cases in one convenient package. Using preconfigured accessory kits helps to standardize processes, reduce product handling, and simplify supply ordering.

Choose from four different kits that provide the items required for nearly every endoscopic procedure. By bundling routine items into standardized kits, the number of touchpoints, and the potential for cross-contamination may be reduced.

- Basic Kit
- Upper Kit
- Set-Up Kit
- Compliance Kit

	Catch-All Transport Pad	Biohazard Label	Bowl	Sponge (w/ detergent)	Gauze (10)	Lubricating Gel (1.4 oz)	Cleaning Brush	Bite Block	Suction Tubing
